LUNN, EXPELLED, WILL BE PARTY

Socialist Mayor of Schenectady Says He Will Not Be Bowed by a State Organization.

Schenectady, N. Y., March 30.—George D. Lunn, mayor of Schenectady, who was expelled from the Socialist party Tuesday night by the state executive committee, will have a little Socialist party all his own. And others may join it or stay out, as they see fit. Mayor Lunn is in New York on business, and when told yesterday of the action of the state committee he said he was not surprised. "The Socialist party wanted to dictate how I should act as mayor," he said. "I figured it out that the people had elected me and not the Socialist committee, so I ran the office myself. That is the reason I have been expelled from the party."

Mayor Lunn lays much of the trouble to the New York Chairman, Mr. Solomon of 41 Union Square. "Charles Murphy and William Barnes could learn a lot if they studied Mr. Solomon's methods," Mr. Lunn declared. "They haven't learned the rudiments of controlling public officials. The Socialist party machine claims to own every man elected to office by Socialist votes."

Street Car Strike.

Toledo, O., March 30.—Every street car in the city was idle yesterday, 800 conductors and motormen having quit work Tuesday when ordered to remove union buttons from the lapsels of their coats. Some of the cars were left standing in the streets. Henry L. Doherty of New York, head of the interests that control the local lines, telephoned Tuesday night that under no circumstances would the union be recognized.

ITALIANS RE-TAKE HEIGHTS

Defeat the Austrians in a Hot Battle Near Gorizia

FIGHT LASTS FORTY HOURS

The Teutons Fail to Withstand the Repeated Charges

Rome, March 30.—The war office has issued the following statement on the latest engagements in the Austro-Italian conflict:

"Heavy rains and fog interfered with artillery work again yesterday in the upper Isonzo zone, but we demolished enemy posts at Mrzliivh, and made a direct hit on a trench mortar. Our grenadiers destroyed an entrenchment of the enemy in the Seagora sector, compelling the defenders to flee.

"A desperate fight on the heights northwest of Gorizia, which lasted about forty hours, ended successfully for us. After intense concentrated gunfire against our intrenchments at Grafenberg, which already had been damaged by storms, the enemy opened an attack with a very important force on Sunday evening. Our troops offered obstinate resistance, and held back the masses of the enemy which were operating against our flanks. In the center, after furious hand to hand fighting, one of our battalions retired about 400 yards, taking with it about thirty prisoners.

"A very lively interchange of gunfire continued throughout the succeeding day. Our infantry began a counter attack in the evening, and by means of repeated charges, which were supported admirably by the artillery, retook by storm the positions previously lost. We captured 302 prisoners, including eleven officers; two machine guns, a large number of rifles, and much ammunition and war material of all descriptions.

"The fourth enemy aeroplane brought down by our rifle fire landed yesterday near Vittorio. Both occupants were captured."

Vienna, March 30.—The following bulletin from the Italian front was made public by the war office yesterday: "On the Italian front combats near the bridgehead continue. In the Oberdo sector the artillery on both sides has been active. Italian attacks north of Monte San Michele and near San Martino were easily repulsed.

"East of Selz the fighting continues, and also in the Ploeken sector, where all enemy attacks failed. On the Carinthian front more than 300 Italians out of the 8th Chasseur battalion were killed."

WILSON OPENS FIGHT APRIL 13.

President's Campaign for Re-election Will Be Launched on Jefferson Day.

Washington, March 30.—Woodrow Wilson's re-election campaign will be formally launched in Washington on Jefferson day, April 13, at a gathering of the Democratic clansmen under the auspices of the Democratic national committee. According to present plans the national committee will on that day give a dinner to the state chairmen of the Democratic committees, in co-operation with the Common Council club, an organization of Democratic federal officeholders in this city. In all probability the president himself will make the address of the day.

The occasion will be the signal for two or three days of informal conferences and political powwows of the first order. Those who are making the arrangements believe that no better date could be chosen than the anniversary of the birth of Thomas Jefferson, the traditional Democrat, and what the president will have to say to the assembled party leaders will unquestionably be heralded as a keynote of the 1916 campaign.

SCOTLAND FORCES OUT GERMAN ASTRONOMER

Professor Becker Withdraws from Chair at University of Glasgow at Request of Thomas McKinnon Wood.

London, March 30.—Professor Ludwig Becker, a native of Germany, at the desire of Thomas McKinnon Wood, secretary for Scotland, has withdrawn from the chair of astronomy in the University of Glasgow and departed from Glasgow. Considerable feeling has been aroused by Professor Becker's continued occupation of the chair and the position of chief of the most important observatory station in western Scotland.

FEDERAL INQUIRY ORDERED.

Chief of Division of Safety of Commerce Commission Will Go to Scene of Wreck.

Washington, March 30.—H. W. Belnap, chief of the division of safety of the interstate commerce commission left Washington yesterday to investigate the wreck near Cleveland. George E. Ellis, of the division of safety, stationed at Chicago, and H. A. McAdams, stationed at Pittsburgh, already are en route for the wreck.

I am a retailer of cigarettes.
I recommend "Helmar" Turkish cigarettes because I am sure of them.
They satisfy my customers and bring me business.
They certainly please many tastes.
I have never known of a smoker trying "Helmar" Turkish cigarettes who didn't become a "Helmar" smoker.

The mildest tobacco for cigarettes is Turkish.

The best tobacco for cigarettes is Turkish.

Don't pay ten cents for anybody's cigarette until you have tried "Helmar," a fascinating, elevating, gentleman's smoke.

10,000 MERSEY DOCKERS STRIKE FOR MORE PAY

There are Twenty-two Labor Agitators Fined for Trouble in Clyde.

London, March 30.—Ten thousand Mersey River dock hands went on strike at Liverpool yesterday, following a dispute concerning pay for overtime work.

The strike threatens to interfere most seriously with transatlantic shipping.

The British government yesterday enforced for the first time the penalty provided under the munitions act for

creating disturbances interfering with the productions of war munitions.

Twenty-two labor agitators and strikers from the Clyde factories were fined \$25 each in the sheriff's court at Glasgow. They were charged with in-

stigating trouble that delayed the manufacture of big guns for the army and navy.

"We will never be satisfied with the munitions output until the end of the war," said David Lloyd George, British

minister of munitions, in an interview quoted in Paris yesterday.

"Progress toward a greater output of munitions has been greatly accelerated, but our task is not finished," said the British minister.

The Spring of 1916

finds more people enjoying the benefits of Electric Service in the home than ever before.

Last year more people had their homes wired for Electric Service than in any twelve months preceding.

And more homes will be wired this year than in 1915.

Why not give your family the comforts which are available in the wired home, especially inasmuch as you can save money by doing it?

Why not do it now?

YES—IT IS POSSIBLE TO STOP RHEUMATISM

Rheumatism is a tormenting and stubborn malady. In some cases it yields to treatment which is without avail in other cases.

The darting pains, lame muscles or stiffened joints only disappear by gradually expelling the uric acid, and so many thousands have been relieved by the blood-enriching oil-food in Scott's Emulsion that you should give it a faithful trial. Scott's Emulsion acts as a powerful blood-purifier by increasing the red corpuscles and it strengthens the organs to carry off the acids which cause the trouble.

Try Scott's Emulsion. It cannot harm. It has helped thousands and may be exactly what you need. No Alcohol.
